## Summary

Full-stack and infrastructure engineer with 1.5 years full-time and 3+ years part-time building and running production systems. Designed, built and operate a government training platform for **8,000+ users**; SRE experience at **CRED** (on-call, multi-region DR, internal CI/CD); ran CTF infrastructure for national and international competitions. Next.js, Laravel/Django, GraphQL, Kubernetes, AWS.

## Experience

**ACTVET - UAE Government** - *Web Technologies Expert & Full-Stack Engineer* June 2025 - Present

- Lead developer in a small team building and running **app.emiratesskills.ae**, the department-wide Emirates Skills training management platform (**Next.js**, **Laravel**); led architecture, design, infrastructure and operations: **8,000+ registered users**, **300+ daily active**, 12 concurrent department-wide projects.
- Designed project-scoped **RBAC** across 10 user types, with access merged from each user's role combination; modular architecture later absorbed a full purchase-order lifecycle module.
- Built and run the skills-camps portal (camps.emiratesskills.ae) with a configurable admin panel: **AED 50,000+** processed, **400+ registrations**.
- Alongside engineering, train the national web technologies team; coached students to a **Gold Medal at the GCC Skills Competition**, now preparing for **WorldSkills Shanghai**.

**CRED** - *Site Reliability Engineering Intern* Dec 2024 - June 2025

- Contributed to **CRED Caterpillar**, the internal GitOps-driven CI/CD platform deploying CRED's **1,000+ microservices**; added regional domain support enabling **multi-region deployment**; built its React dashboards.
- Supported **multi-region disaster recovery** with failover drills on **Pulumi**-based infrastructure as code; took part in **on-call rotations**, incident investigation and RCA.
- Built internal AI documentation and **MCP** tools for Platform Engineering, and the submission portal for **CRED Rabbit Hole 2025**.

**Ulsav** - *Founding Member* Mar 2023 - Present

- Owned infrastructure and contributed to development of an event ticketing platform (ulsav.com; Django, React, GraphQL): **Docker**, CI/CD, **Kubernetes** deployments, database migrations and production support; part of the architecture design. **120+ events**, **1.5cr+ INR** in payments, **75k+ live check-ins**.

**Traboda CyberLabs** - *Software Engineer (Part-time)* Oct 2021 - Dec 2024

- Core engineer on **Traboda Arena** (arena.traboda.com), a CTF cyber-games platform, in a 2–3 person core team: Next.js, TypeScript, Django, GraphQL; ran deployments on **AWS**, **Docker**, **Kubernetes** and Rancher with CI/CD.
- Ran platform infrastructure for India's National VAPT Challenge **Pentathon 2024** (NCIIPC/DRDO, AICTE) with **8,900+ participants**, and for client CTFs including **Cisco**, **Adobe**, **Schneider Electric** and BSides.

**Amrita Center for Cybersecurity Systems & Networks** - *Engineering Intern* Jul 2024 - Aug 2024

- Upgraded the Amrita VirtualLabs platform (MoE) from PHP 5 to PHP 8 with server upgrades; built BFS/DFS visualization lab modules in React.

## Infrastructure & Events

**International Cybersecurity Challenge (ICC) 2023 San Diego & 2024 Santiago:** Terraform-based infrastructure and platform for Jeopardy and **Attack-Defense** CTFs: scoring, game loops, access control.

**bi0sCTF 2024:** infrastructure for one of the highest-rated CTFs globally; **100% uptime** with load balancing and scaling on AWS and Kubernetes.

## Projects & Publications

**Verifycate** - certificate platform, **20,000+ certificates** issued; built most of the frontend and co-built the backend (Next.js, Django, GraphQL). verifycate.com

**Chaya UI** - contributor to an open-source React component library (TypeScript, Tailwind, Radix). chaya-ui.com

**IEEE ICCCNT 2025 (accepted):** *Proactive Malware Protection for IoT Devices in Heterogeneous Community Network using Lightweight Syscall Tracing*, A. Krishna, V. Subramanian, D. J P.

## Education

**Amrita Vishwa Vidyapeetham** 2021 - 2025
*Bachelor of Technology in Computer Science* *GPA: 8.41*

## Skills

**Frontend:** React, Next.js, TypeScript, JavaScript, Tailwind, Radix
**Backend:** Python, Django, PHP, Laravel, Node.js, Express, Go, GraphQL, PostgreSQL, Redis
**Infrastructure:** Kubernetes, Helm, Docker, AWS, Terraform, Pulumi, Ansible, CI/CD, Linux, Nginx, Git
